

DATTA Vic Design and Technology Week

English - Descriptive Writing / Creating Solution to Design Brief

Learning intentions	After writing and responding to a design brief, students will understand how descriptive writing can be used in the professional field of Design and Technology.
Engage	<p>Students to watch Jibo youtube clip</p> <p>https://www.youtube.com/watch?v=UKERTiraS08</p> <p>Teachers refer students to previous learning about description – traits of word choice and previous 5 senses writing</p>
New information	Use of descriptive writing techniques and use of formal English to create a concise and professional design brief.
Activity	<ol style="list-style-type: none">1. Students to read instructions, clarify understanding with teacher.2. Complete brainstorm to generate ideas for robot and design brief.3. Student write design brief.4. Students then swap and design their partners robot from the information contained in the design brief.
Review	<p>Students to share their design with their partner.</p> <p>Teacher to select several examples to share with the class.</p>

Collect work and return to staff room – Thanks!
