

# DATTA Vic

## Design and Technology Week

### Humanities - Australian Identity / Ned Kelly / Creating Solution to Design Brief

<b>Learning intentions</b>	<b>Students will learn Australian Identity and it's use in developing a creative solution to a design brief.</b>
<b>Engage</b>	Students to watch Ned Kelly youtube clip  <a href="http://www.nfsa.gov.au/digitallearning/heritage/ned_kelly.html">http://www.nfsa.gov.au/digitallearning/heritage/ned_kelly.html</a>
<b>New information</b>	Students will be given a design booklet containing a design brief and templates to help them create their solution.  Design a futuristic Helmet, inspired by Ned Kelly armour, for Australian emergency services or the military.
<b>Activity</b>	<ol style="list-style-type: none"> <li>1. Students to read design brief, clarify understanding with teacher. Watch Iron Man Helmet clip <a href="https://www.youtube.com/watch?v=ZNFnytRXsaw">https://www.youtube.com/watch?v=ZNFnytRXsaw</a></li> <li>2. Students select which service they will design helmet for.</li> <li>3. Students draw front and side view of their helmet design, annotating function and features that will assist the user in their work. Use colour if possible.</li> </ol>
<b>Review</b>	Students to share designs with students at the same table and explain their concept. Each table to vote for the best design. Share these with class. Booklets to be returned to teacher and placed in the Design and Technology teacher's pigeon hole. Thanks!

Collect work and return to staff room – Thanks!
