AKORN is pleased to announce that through a special collaboration with

ROBOGALS – Melbourne Chapter

we are able to offer an opportunity to your school to participate in a STEM based

ROBOTICS WORKSHOP and COMPETITION

• Date: Friday 17th July 2015
• Venue: University of Melbourne – Parkville Campus
  School of Engineering – Room EDS1 (Room number may change – will
• Time: 9:15 am – 2:30 pm
• Who: The opportunity for teams of four Year 9 or 10 Students interested in learning
  about Robotic Engineering while engaging their thinking and reasoning
  skills in a fun hands-on environment
• Cost: $185 per school (+ GST) – covers program, morning tea, lunch, all materials

WHAT IS IT?

Creative  Innovative  Challenging  Fun  Thinking

Akorn and the Melbourne Chapter of Robogals are excited about working together in 2015 to offer these opportunities for girls. (Additional dates to be advised)

These fun hands-on days will provide information about various disciplines of engineering and some of the many opportunities it offers. Each day will start with an information session followed by a robotics workshop. The final segment of the day will be a series of challenges with increasing levels of difficulty. Each workshop session will be themed.

Participation is limited to the first nine schools responding. If you would like to increase the awareness and knowledge of engineering, science and technology to your students through this program please contact:
