Thanks for registering for DATTA Vic’s So You Think You Can Design 2016!

• Round 1 takes place during the Week of Design 21\textsuperscript{st} – 24\textsuperscript{th} March.
• Two design challenges will be emailed to you on the 18\textsuperscript{th} of May. The first is a concept sketching activity, and the second is CAD-based. (any software)
• These activities can take place at any suitable time in the week, but students should spend no more than 90 minutes on each task
• We recommend senior design students (excluding Year 12s) take part, but it is the choice of each school which year levels they involve.
• You must then select the work of the two best students and submit digital images to pl@datta.vic.edu.au by the 25\textsuperscript{th} March.
• It is essential that you send DATTA Vic completed permission slips for your 2 selected students.
• If your 2 students are selected, they will take part in the live finals at the DATTA Vic STEAMpunk conference on the 13\textsuperscript{th} & 14\textsuperscript{th} of May at Harvester Technical College in Sunshine.
• You should provisionally request this time away from school to endure that they can attend if they are selected
• One teacher can accompany them and attend conference workshops for free. (Please complete the online registration to ensure your choice of workshops). The students will be supervised by event organisers.
• Lunch and refreshments will be provided. Please make us aware of any special dietary requirements.
• They should arrive at 8.30am on both days. On the 14\textsuperscript{th} of May, the competition will be finished 2pm, but students are welcome to stay and attend workshops.
• All finalists will be invited to attend a Design Masterclass at Swinburne’s Advanced Centre for Manufacturing & Design. Date TBC

GOOD LUCK!
